Office of the Secretary  
Federal Communications Commission  
Washington, D.C. 20554

Dear Secretary,

We are writing to express our extreme concern with Docket 92-235 which will establish rules that severely impact our use of radio channels and equipment. We request, as many other local governments have done, that these changes not be implemented until the year 2004, allowing local agencies to plan for the additional costs and changes that may be required.

In addition, we ask to be placed on a mailing list from your office that will keep us informed on this and any other action that will effect our ability to perform our duties as a public agency.

Sincerely,

J. Timothy Hanley, P.E.  
Superintendent
